

七下 语法填空 专项练习

—

Hello, I'm Tommy from Class 5. Today I'd like __1__(tell) you something about my friend Li Ping.

Li Ping is a smart boy. He learns things __2__(quick). He can use computers well. When he is free, he often __3__(help) at the Helping Hands Club.

Li Ping always thinks carefully when he works. He plans everything well. He is a member of our Project Hope(希望工程) group and often collects(收集) clothes and books for __4__(child) in need.

Li Ping is really kind. Last week, __5__ five-year-old boy lost his way and was crying in the street. Li Ping saw him and __6__(take) him to the police station. He stayed with the boy and played __7__ him for two hours before the __8__(boy) parents came.

I feel __9__(luck) to have him as my friend __10__ he really teaches me a lot, and I hope I can be like him one day too.

二

In many people's eyes, Elijah Enwerem is different. He comes from England. The boy has white hair __1__ his skin(皮肤) is white too, because he has albinism, a special illness(疾病).

Because of this __2__(boy) hair and skin, people often look at him in surprise. At first, this made him very unhappy. He often asked his mother __3__ he looked different from other children. __4__(lucky), being a model(模特) really helped him.

One day, Elijah's mother __5__(put) some of his photos online. One man saw them and thought the photos were special and Elijah could be a model. She thought Elijah would be __6__(interest) in being a model. So she let her son have a try. It took Elijah a long time __7__(practice) and he made it. And it really helped.

These days, Elijah does very well as a model. He wants to show himself __8__ front of others. He also __9__(help) people with albinism and lets the world know more about the illness.

Now Elijah thought being different is __10__ great thing. After all, everyone is special.

三

The Beijing-Hangzhou Grand Canal(大运河) is about 1,800 kilometers long. It ___1___(start) from Hangzhou in the south and goes to Beijing in the north. It has ___2___ long history of more than 2,500 years.

In the year AD 605, Emperor Yang Guang ___3___(give) an order to build(建造) the canal. Building such a long canal was ___4___(real) difficult at that time. 3.6 million people worked on it and in a short time many of them lost ___5___(they) lives. It took people about six years to build the canal. The Grand Canal became a bridge between the north ___6___ the south of China.

The Grand Canal was built in ancient(古代的) China but it is still in use today. Every day, ___7___(ship) go up and down the canal. And many people like to take a walk along it. 四

My friend Anna has a cat. One day, ___1___ cat didn't eat anything and was asleep all day. She was worried about it ___2___ she asked me for help. I told her to call the animal doctor. But Anna ___3___(think) there was nothing she could do.

“Call the animal doctor and talk to ___4___(he).” I said again. “It doesn't work, because the animal doctor won't know anything by calling. He may ask me ___5___(take) my cat to see the doctor, and I know it's not that bad.” she said.

“Yes.” I said. “But you do that just ___6___ you, not for your cat. You are worrying about your cat now. If you don't do anything, you will worry about it all the time.”

“OK,” she said. “I see.”

She ___7___(talk) with the doctor, and then found the problem very quickly. The doctor told her what to do. Three ___8___(day) later, things changed. Her cat was healthy again and could eat ___9___(good).

Now, Anna ___10___(stay) with her cat and enjoys the great time every day!

When you worry about something, you should act(行动) on it, not just think about it.
