When did you last say “I love you” to your father? If you can’t remember, then you can get the chance this Father’s Day in June.

Generally compared to a mother, a father represents(代表) qualities like independence, confidence, courage and adventure. Also, a caring father can help their children get along with others, according to a study on Live Science. Fathers not only lead their children into their social circle but also teach them how to act and control(控制) their feelings.

For example, Microsoft founder Bill Gates was quiet and didn’t like to talk with others when he was a little kid. So his father often held family parties and let Bill play games with family members. “Games like soccer and swimming seemed to be silly at that time but they improved my ability of leading and getting along with others,” Gates once said in an interview.

The US actor Will Smith learnt important lessons from small things taught by his father. His father once planned to pull down a wall of their shop and rebuild it. But little Will thought it was impossible. After a year and a half, they did it. “You say, ‘I’m going to lay this brick as perfectly as a brick can be laid.’ You do that every single day. And soon you have a wall,” he said on a TV show.

“One father is more than a hundred schoolmasters,” the British poet George Herbert (1593—1633) once said. Do you agree?

23. What chance can you get on the coming Father’s Day?

- A. To remember your father’s love.
- B. To swim and relax yourself.
- C. To show love to your father.
- D. To build a wall with your father.

24. What can we learn from Paragraph 3?

- A. We should learn playing soccer and swimming.
- B. Soccer and swimming were popular a long time ago.
- C. Bill Gates changed much with the help of his father.
- D. Bill Gates liked parties very much when he was young.

25. In which way does the writer develop Paragraph 4?

- A. By listing facts.
- B. By giving the example.
- C. By asking questions.
- D. By explaining the reasons.

26. How do you understand **“One father is more than a hundred schoolmasters”**?

- A. The growth of a child needs 100 schoolmasters.
- B. One father is more important than 100 schoolmasters.
- C. A father plays an important role in kids’ growing.
- D. Everyone will have a hundred schoolmasters in his life.

D

I will always be there for you You will never be alone I will be that candle in the window So you can always find your way back home I will be the sun in the sky To brighten up your day I will be the moon shining above So in the dark you can find your way I will be the blanket(毯子) when You're cold You will feel my warmth around you I will be the shoulder for you to cry on When you're upset or feeling blue(沮丧)	I will be the listening ears When you need someone to talk to I will be the advice that you need When you don't know what to do I will be the voice inside your head Telling you not to give up to fight I will be the hand patting(轻拍) your back When you stand up for what is right I will be that feeling in your heart That lets you know I'll love you like no other I will be anything you need at anytime I will always be your _____.
